THE RANCH CONSTRUCTION NEWSLETTER

NOVEMBER 2023

The Ranch Youth and Community Arena

The construction of The Ranch Youth and Community Arena is nearly complete! Since August 2022, crews have been hard at work transforming an uneven dirt parking lot into a beautiful new arena for the Larimer County community. While interior work on the Community Arena is still in progress, it is anticipated to be available for 4-H events starting as early as March 2024, coinciding with our official grand opening celebration.

Witness the remarkable transformation of The Ranch Youth and Community Arena by clicking on the image below. The video showcases the construction journey from August

2022 to October 2023 through a time lapse. We are excited to celebrate the progress and exciting future that lies ahead for The Ranch!

Check out The Ranch Youth and Community Arena Come to Life

Click on the button or image above to view a time-lapse video of the construction of The Ranch Youth and Community Arena! The video shows crews working on the arena from August 2022 to October 2023.

The Community Arena will become a hub for The Ranch's 4-H partners, youth groups and community members, providing a dedicated space for hosting livestock events, practices and education opportunities throughout the year. We are thrilled to introduce new avenues for youth livestock activities to flourish and contribute to the growth and expansion of agriculture in Larimer County. We aim to offer youth more opportunities to learn, develop and collaborate. Once the Arena is up and running, folks can book 4-H events by contacting, Diane Kern at kernd@co.larimer.co.us. Other community events will be available for booking in 2025.

Construction Updates

Phase 1 for infrastructure and equine improvements, of the voter-approved and community-driven Master Plan, is making strides and nearing completion! Crews are finishing interior work in The Ranch Youth and Community Arena and MAC Equipment Inc.

Indoor Arena. Work on the RV campaign locations and outdoor riding arena is approaching the final stages of construction. We are thrilled to finish Phase 1 and move forward into Phase 2 of construction for the Event Arena and Youth Hockey Training Center.
